ATELIER FLUX

INDUSTRIAL PUMPING SOLUTIONS

AX Series — Centrifugal Pumps

A compact range designed for water circuits, clean processes and continuous-duty installations.

IE4 EFFICIENCY · 316L STEEL · FAST MAINTENANCE

AX 40

Flow up to 24 m³/h

4 kW

AX 65

Flow up to 58 m³/h

7.5 kW

AX 90

Flow up to 110 m³/h

15 kW

Built for the field

Front-access mechanical cartridge, standardised fittings and integrated sensors. Routine service requires no special tools.

Technical specifications

AX 40 / AX 65 / AX 90

Model	Rated flow	Head	Power	Temperature
AX 40-125	24 m³/h	28 m	4 kW	−10…+120 °C
AX 65-160	58 m³/h	42 m	7.5 kW	−10…+120 °C
AX 90-200	110 m³/h	56 m	15 kW	−10…+110 °C

Materials and connections

- Casing and impeller: EN 1.4404 / AISI 316L stainless steel
- Seal: carbon / silicon carbide / EPDM
- Connections: EN 1092-1 flanges, PN 16

NOTE

Curves are based on clean water at 20°C. Check chemical compatibility before use with any other fluid.
