[2018] No. 8

Notice of the Department of Commerce of Guangdong Province on Organizing Participation in the 6th China (Shanghai) International Technology Fair

To the competent commerce departments of all cities at or above the prefecture level (excluding Shenzhen), relevant parks, and relevant units:

The 6th China (Shanghai) International Technology Fair (hereinafter referred to as the "CSITF") will be held from April 19 to 21 this year at the Shanghai World Expo Exhibition and Convention Center. The theme of this year's "CSITF" is "Innovation-Driven Development, Intellectual Property Protection, and Technology Trade Promotion." It consists of modules such as exhibitions and displays, forums and conferences, and transaction services, and features a Science and Technology Innovation Exhibition Area, a Professional Technology Exhibition Area, an Innovation Ecosystem Exhibition Area, and a Transaction Services Exhibition Area, as well as a dedicated "CSITF" zone for on-site release and display of the latest achievements in the technology field.

In order to showcase the achievements of our province's technology trade and help technology trade enterprises expand business opportunities, all cities are now requested to assist in selecting projects with prospects for technology export and software export enterprises to participate in the exhibition. Relevant matters are notified as follows:

(1) All cities are requested to rely on parks to actively mobilize key local technology export and software export enterprises, as well as enterprises in artificial intelligence, Internet Plus, cultural creativity, and other fields, to participate in the exhibition. Guangzhou shall select no fewer than 5 enterprises, other Pearl River Delta cities shall select 1-2 enterprises, and cities in eastern, western, and northern Guangdong shall recommend enterprises as appropriate. The application forms for participating enterprises shall be submitted to our department (Service Trade Division) before January 30.

(2) Our department will select and determine the participating enterprises from the submitted list of enterprises on a competitive basis and strive to provide policy support. Relevant exhibition organization notices, participation filing procedures, and other matters will be notified separately.
